

Submission Date	Mar 31, 2021 1:46 AM
Name	Azza Ahmed
E-mail	azza_ahmed_belal@yahoo.com
Phone Number	(310) 626-2339
Are you a:	Regional Community College Student with a Faculty Sponsor?
Participating School	Long Beach City College
Sponsoring Faculty	Long Beach City College
Garment Title	Infinity cycle
Estimated Garment Dimensions (In Inches)	48x53
Will your garment be available for sale during the exhibition?	Yes
Sale Price	\$200
Design Statement	Patch-work is my preferred way to be sustainable. Using the old swatches or garments and create some different creative things could keep our resources, and save our environment, and at the same time could give us a different look. I made my garment with patchwork technique using Muslin fabric left from my draping class combined with a men's pant and cotton printed fabric.
List of Materials	I used 3 materials: 100% cotton Muslin Some cotton swatches Men's gabardine pants
